Graefenberg Company's Office,

60 Broadway, New York......January 1st, 1848.

THE very great increase of the Graefenberg Company's business in New England, has rendered it necessary to reorganize the General Agency there. This is therefore to certify, that the New England Branch of the Graefenberg Company is now established at No. 124 Washington st., Boston, and that Mr Edwin C. Barnes is duly appointed Secretary of said Branch, and that he is authorized to establish Local Agents, and to grant certificates of agency. Every Agent must have a certificate with the seal of the Company thereto affixed, and no one is authorized to sell the Company's Medicines without such certificate.

EDWIN BARTON, *Secretary.*

GRAEFENBERG MEDICINES.

The undersigned is fully prepared to establish a Graefenberg Depot in all places of proper size in New England, and in that portion of Vermont west of the Green Mountains, and also in the British Provinces of New Brunswick and Nova Scotia. Immediate application should be made either personally, or by letter. As there will ordinarily be but one Depot in a town or village, the Agency will be very valuable.

The leading articles to which public attention is invited are the *GRAEFENBERG VEGETABLE PILLS*, of which 30,000 boxes are sold each and every week. The following complaints are cured by them: [illegible]

THE CHILDREN'S PANACEA

For summer complaints, dysentery, and all other affections of the stomach and bowels, it is infallible. Price 50 cents a bottle.

THE GRAEFENBERG SARSAPARILLA COMPOUND. Warranted to make two quarts superior to any in the world. Price one dollar a bottle.

THE GREEN MOUNTAIN VEGETABLE OINTMENT. Wherever inflammation exists, this Ointment is a positive and speedy cure. Price 25 and 50 cents a box.

THE GRAEFENBERG EYE LOTION. For disorders of the Eyes this Lotion has no equal. For violent inflammation, weakness, or foreign substances in the eyes it is an unfailing remedy. Price 25 cents a bottle, with full directions.

The GRAEFENBERG HEALTH BITTERS. Sovereign to build up the enervated system, to remove the appetite and clear the skin. Price 25 cents a package.

THE CONSUMPTIVE'S BALM. This most extraordinary article is infallible, previously in Consumption, Bronchitis and Bleeding at the Lungs. It is only sent as ordered, at $3 the quart. Consumptives may be sure of finding in this article that which will not disappoint their hopes.

The Graefenberg Gazette, published by the Company for gratuitous distribution, may be had on application to any one of their numerous Agents.

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U. S. Patent Office, Washington

32 State Street—Boston.

THE subscriber, by appointment from the Commissioner of Patents, is Agent of the U. S. Patent Office for the purpose of receiving and forwarding to the same all such models, specimens of ingredients, and manufactures, as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their owners, and with all possible despatch. The subscriber will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works, for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. The experience of fifteen years' practice—an extensive collection of rare works, documents, decisions, &c. on mechanical subjects and the Patent Laws—and patents of different countries, collected at much expense during the long time this office has been established, upon which accounts daily additions are kept, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents, which in other respects might be difficult of attainment.

WHIG CAUCUS.

THE WHIGS OF BANGOR—one and all—are notified that there will be a Public Caucus of the Party, at the City Hall, on *Thursday Eve'g, March 9th*, at half past seven o'clock to take into consideration the subject of the approaching Municipal Election—to choose a City Committee—and to take such measures for nominating candidates, and making such arrangements for securing their election, as may be deemed proper.

It is recommended to the Whigs in the several Wards, to hold their Ward Caucuses for the nomination of Ward Officers, on *Friday, March 10th*, at 7½ o'clock, P M

Per Order of the Whig City Committee.

Bangor, Feb'y 26, 1848

☞ The Birth-Day of Washington was to have been celebrated in Washington on Tuesday last by a Ball in honor of the memory of Washington, the proceeds to go in aid of the Washington Monument fund. The correspondent of the New York Express mentions among the interesting and remarkable incidents of the occasion, that the "lady patronesses" are Mrs Madison, a lady of eighty-four, Mrs Hamilton, a lady of about ninety years, Mrs. John Quincy Adams, nearly eighty, and Mrs Polk, who is some thirty years younger than the youngest. The united ages of three of these ladies is more than two hundred and fifty years; and the combined years of the four is more than three hundred years. Three of the four have been the wives of Presidents of the United States; and Mrs Hamilton, the oldest, was associated with the Administration of Washington, and one of the most extraordinary men who has figured in the counsels of the country. It is a remarkable coincidence that the ladies of the age and political associations of Mrs Hamilton, Mrs. Madison, and Mrs. Adams, should be living,—all from different sections of the Union, as they are,—in the same city and at the same time.

It is a remarkable coincidence, also, that two of the negotiators of the Peace of Ghent, thirty-three years after the Peace was ratified should be found in Washington—Mr Adams, who was twenty-three years ago elected President, and Henry Clay, the great and patriotic man whom so many of his friends now wish to see elevated to the Presidential office; and more remarkable perhaps, it is that Gallatin is above the age of ninety, Adams just upon the age of eighty-one, Clay at the age of seventy, the three American negotiators of Peace at Ghent, should be now alive—each of the same party with intellects unimpaired, and all, full of honors and full of years, enlisted upon the side of Peace.

The occasion which will bring most of these persons together will be one of real interest, and their presence will awaken associations connected with every prominent public event in the history of the country.

☞ A letter writer in the city of Mexico states that the Governor had licensed several gaming houses, wisely concluding that as he could not repress the evil he would turn it into a source of profit. The result has been favorable. Nearly all the petty gambling establishments which infested every quarter of the city have been suppressed, and the rank and file of the army, who were fast becoming demoralized, already show the beneficial effects of the change. Some of the licensed houses present queer scenes. In one, the Gran Sociedad, there are no less than eleven tables, where all sorts of gaming may be had at the shortest notice.—An uninitiated spectator would be astonished at the piles of gold and silver displayed on the tables, and the *sang froid* with which some of the bettors stake and lose small fortunes.

The Mexican exceeds all others in the coolness with which he sees his last dollar swept from before his eyes, and when "broke" he turns from the table, lights his cigar and walks off without moving a muscle of his countenance.

☞ The Eastern Argus finds very hard to make it appear that Mr Clay has secured to himself the vote of the Catholics for the Presidency. If we suppose this statement to be perfectly true, why of course two conclusions necessarily follow—the first is that it was a pretty smart transaction on the part of Mr Clay and very liberal on the part of the Catholics, and the second conclusion is that it will secure the election of Mr Clay beyond a peradventure! Of course this makes the Locos feel very sad!! Such statements as those of the Lowell Advertiser and the Argus and others who undertake to humbug for their party on religious prejudices deserve no serious answer.

☞ The People's Press, published at Skowhegan in Somerset co, by H. P Pratt, comes to us this week enlarged, printed on new type and with a new press. It appears well. Mr Pratt has maintained for a long time a good Whig paper in Somerset and we are glad to find that his prosperity has enabled him to make these improvements.

☞ The last Bearer of Despatches, Mr. Twiner, brings news of the death of Major Webster of the Massachusetts Regiment of Volunteers, and son of Daniel Webster. He is, with thousands of others, another victim to the war of conquest, in which the country has been engaged.

☞ A snow storm at Norfolk, Va, on Saturday last, brought out everything in the shape of a sleigh, which that city contained, and the belles and their beaux had a glorious time.

☞ The Millerites in New York, have fixed upon May next, as the time when the world will positively be destroyed.

☞ The Lower Canada Agricultural Society have procured lands for the establishment of a school and a model farm.

☞ Why is a person who has had the small pox, like an orphan child? Because he is *pitted*.

☞ We learn that the new steamboat is to be named "STATE OF MAINE."

This name was bestowed by George W. Pickering, Esq. of this city, and with it a Piano Forte for her cabin.

☞ The New Church association (Swedenborgian) will hold religious worship at the High School room to-morrow forenoon. The public are invited to attend.

Important from Central America.

The brig R. De Zaldo, Capt Roberts, arrived at New York from San Juan, Central America, brings news that a few days before he left, the British officers and men having charge of Fort San Juan, were attacked by the natives, who gained possession of the fort, taking the officers and men prisoners, and carrying them captive to Granada.

A British Steam frigate had arrived at San Juan. Captain Roberts, was informed by the Commander of the Frigate that the act would, no doubt, be considered a declaration of war by the English government.

Captain Roberts is the bearer of despatches from the Government of Central America to the United States, the purport of which is a strong desire for the annexation of that Government to the United States.

Washington Total Abstinence County Convention.

City Hall, Bangor, February 22d, 1848

The Convention was called to order, at 10 o'clk, by the President, Joel Whitney Esq, of Plymouth, and upon his call, prayer was offered by the Rev. Thomas Smith of Orrington. In the absence of the Secretary, Thomas A. Hill of Bangor was chosen Secretary pro tem.

Voted, That all the true friends of Temperance present be invited to act in the convention.

A Committee of one from each Society represented was chosen to nominate a Board of Officers for the ensuing year.

Jonathan C Taylor, Bangor; Rev. Thomas Smith, Orrington; Gilead J Newton, Argyle; Horace Wilder, Dixmont; Charles H DeWolfe, Oldtown; Samuel Benjamin, Plymouth; Isaac Emery, Newburg; Horace Perkins, Levant; Artemas Merriam, Garland; John Frees, Greenbush; Elisha Gibbs, Glenburn; Nathaniel Wilson, Orono; William C Hammatt, Howland; M S Randall, North Bangor; Stephen Emerson, Hermon; W F M Reed, Hampden, were appointed said Committee.

Rev Theodore Hill, Thomas A Hill and Benjamin Swett, were chosen a Committee on credentials.

Asa Walker, Bangor; Nathaniel Wilson, Orono; Charles H DeWolfe, Oldtown; Rev Thomas Smith Orrington, Joel Whitney, Plymouth; Theodore S Brown, Bangor, were chosen a Committee on Resolutions.

The Committee on nomination reported the following list of officers for the ensuing year, which was accepted, and the nominations adopted by the Convention.

President.—Hon. Samuel Butman, of Plymouth,

Vice Presidents.—Reinsey Fowler, of Orrington, John Rigby of Oldtown, Lowell Nelson, of Glenburn.

Corresponding Secretary.—Asa Walker of Bangor.

Recording Secretary.—Rev G S Newton, of Argyle.

Standing Committee.—Nathaniel Wilson of Orono, Joel Whitney of Plymouth, Wm. Foster of Argyle, Isaac Case of Levant, Jeremiah Curtis of Bangor.

The thanks of the Convention were voted to the former President, Joel Whitney for his active and impartial discharge of the duties of his office.

Rev Theodore Hill made a report of his Agency which was received with much interest, and his agency, by vote, was continued for two months on the same terms as heretofore. Addresses were also made by Messrs Fowler and George of Orrington, and Pratt of Boston.

Adjourned to 2 o'clock, P. M.

At the opening of the convention in the afternoon prayer was offered by the Rev Mr. Merrill of Oldtown.

Voted, That each speaker be limited to ten minutes each, for a first speech on a question, and to five minutes on a second speech, and none to speak more than twice on a question.

The following Resolutions were then offered by N. Wilson Esq, of Orono, and unanimously adopted by a rising vote. It was prefaced by appropriate and forcible remarks by the mover of the resolution.

Resolved, that the Washingtonian Total Abstinence Society feel, that, in the death of F. Temple, Wheeler, Esq of Bangor, this society in particular, and the Temperance community at large, have lost an active, faithful, long-tried, devoted, eloquent and efficient friend and most deeply regret his decease, and sincerely sympathize with his afflicted widow, and acquaintances, relatives and friends.

The following Resolutions were then presented by the chairman of the Committee on Resolutions, and after being taken up severally, and discussed by Messrs Walker, T Hill, John B Seward, N Wilson, J Whitney, J Curtis, B Swett, T S Brown, Young, A Drummond, H E Prentiss, H Call, T A Hill, W. F M Reed, and others, were adopted.

Resolved, That we acknowledge the good hand of our Heavenly Father in the successes which have hitherto attended the Temperance cause and that we must rely on the same hand to bless all future efforts for its promotion.

That the coldness, lukewarmness and indifference of the friends of Temperance is inexcusable, since the one cause of humanity, and the ultimate success of this great *moral reform*, depend not only upon the *individual*, but on the united and *continued* effort of *all*, who love the cause, and pray for its prosperity.

That what the cause of Temperance now requires of its friends is a united forward movement—that standing on a little past of their resolves, sacrifices, deliverings, and successes, they press on to the victory within their reach; and all that it asks of them is, to throw off their disguises, wear their own uniform, and show their colors.

That the Temperance Movement is a movement of Humanity; and that no good citizen should feel that he has done his duty to himself, his family, to society, or to posterity, unless he has used, and is still using *all* means within his power to advance its progress.

That there shall be no strife between the different organizations for promoting Temperance in this County, but the strife which shall be foremost in each sacrifice and labor, to advance the cause to its abiding triumph; that where we differ in opinion we will differ as brethren engaged in a common cause, but we hinder each other's success by attempts to press all efforts into a *single* channel, while intemperance flows in ALL channels, that while there is work enough for all, each shall, under God and the movings of his individual conscience, be allowed to carry out his convictions of duty without being branded either as "heretic or injurious" for not melting into the mass or wearing the livery of this or that association.

That the friends of temperance must not expect their work to be fully accomplished so long as the human appetite is capable of perversion.

That the "Bar" of the Rumseller finds a vast amount of aid and comfort at the "Bar of the Criminal Court in and for the County of Penobscot; and that the administration of the "Court" has not always held the "balances" even; temperance having stood on the Docket only to be swept off by the hundred, by entering a *nol pros*, at the suggestion of the Bangor; not, however, by a Judge, resident in the County.

Voted, That there be three Meetings of this Society between this and the next Annual Meeting, provided there be requests made to the Corresponding Secretary from the towns, to have such Meetings called to be holden in the towns applying for the same.

A collection was taken up to defray the expences of the society, amounting to about $13. About $160 have been paid to the Rev. T. Hill in the several towns in which he has labored for the 4 months he has been in the service of the Society.

Voted. That the proceedings and resolutions of this Convention, signed by the President and Secretary, be published in the newspapers published in Bangor, in the Cold Water Fountain, published at Gardiner, and in the Washingtonian Journal, published at Portland, the publication to be under the direction of the Corresponding Secretary.

Select Fruits for the North.

South Orrington, Jan 1, 1848.

Dear Sir:

If restricted to three apple trees I would choose the following, viz:—Baps of Wine, Sweet Golden Russet, and Ribston Pippin. If to six I would add—Gravenstein, Porter, and Queen's Pocket—this last for kitchen use. For twelve add—William's Favorite, Early Sweet Bough, Roxbury Russet, Maiden's Blush, R I. Greening, and Garden Sweet.

I answer as above with confidence from an acquaintance with each variety as grown in our orchard for twenty years.

As you wish me to "speak what I do know, and testify what I have seen", I must decline answering your inquiries in the order you present them.

As for Pears we have had in bearing about fifty varieties; many of them proved too tender for our northern climate, while others appear hardy. All things considered we find the six most profitable kinds with us, are the following viz:—Frederick de Wurtemberg, Chelmsford, Harvard, Belle Lucrative, Beurre de Range or Rans, and English Jargonelle.

These varieties with a few others, I know have stood our climate, and have produced good crops. I have no doubt many other better varieties will prove equally hardy and productive. The Vicar of Winkfield has not yet fruited with me.

A pear tree to succeed well, I think should be grafted on a healthy seedling pear stock, and that stock raised without protection as far north as it is intended to grow in the orchard.

Apple and Plum trees may be brought from the south and do well with us at the north.

I have in my garden, fifty of the most noted varieties of Plums. As but few are in bearing, should I attempt to give a selection it would not be wholly my own, but in part the opinion of others you would receive, which I fear would be of little value to you or to the public. Time will decide which will prove the best. I however, will give you my opinion and add Plums to my other lists of fruits, viz:

Three best—Jefferson, Green Gage, and Mc Laughlin. For six add the Washington, Imperial Gage, and Purple Gage. For twelve add the Lombard, Bleecker's Gage, Smith's Orleans, Red Gage, Imperial Ottoman, and for preserving, the White Magnum Bonum.

I have, also fifty or sixty varieties of the Gooseberry. Some of them have fruited. The best three are the Crown Bob, Whitesmith, and Red Warrington. For six add Parkinson's Laurel, Red Champagne, and Yellow Champagne: For twelve add, Green Walnut, Keen's Seedling, Cheshire Lass, Heart of Oak, Rifleman, and Wellington's Glory.

I have no doubt you will collect much valuable information on the subject of fruits adapted to our northern climate which will be useful to all interested in fruit cultivation.

Respectfully Yours,

WALTER GOODALE.

Paralytic attack upon Mr. Adams in the House.

Washington, Feb. 21

While the question was being taken upon the resolutions of thanks to Quitman, Shields and Pillow, and just as the vote had been announced upon "the main question," Mr Adams was observed by those sitting in close proximity, to be apparently losing his strength. His right hand was reaching over his desk, and his lips in motion, as if struggling to address the Speaker.

The members of the House rose instantly from their seats, and great excitement pervaded the Hall, in the midst of which, Mr. Hubbard of Conn., and Mr Cooke of Tenn. moved that the House adjourn. The motion was put and carried with general unanimity, in the midst of which Mr Adams was borne from the Hall of the House by several of the members, first into the Rotunda, and afterwards into the Speaker's room.

Mr Adams said but yesterday to one of his friends, that he should not live the session out. He was apparently quite well a moment before, and conversed freely with his friends. During the morning he was complying with the request of one who had asked him for a piece of poetry, and had finished it after the House met. [It was half past one when he was attacked.]

Just a moment before the attack, he had signed his name twice for members, who had asked his autograph. The marked and general respect shown for Mr Adams, was one of the agreeable reminiscences of this sad event. I was speculating only this morning upon his age, and those of his compatriots, in a letter to your readers, and in an hour or two come this sudden change, in the appearance and prospect of the distinguished man.

Half past one.—The Senate have just adjourned. Mr Benton communicated to the Senate notice of the sudden illness of Mr Adams, and moved the adjournment.

Quarter to two.—Mr A has several physicians with him but there are no signs of returning consciousness. The report is that he is sinking.

Two o'clock.—Mr. Giddings informs me that he shows signs of life. His face is much distorted with the marks of the struggle incident to his attack in the House. He has just now attempted to speak, but cannot articulate a word. Under medical advice he has been submitted to leeching.

Half past two.—Mrs. Adams and daughter are with him and Mr A was no worse. The reports, however, are quite contradictory, and many despair of his recovery.

Three o'clock.—None but the physicians and family are present, and the reports again become more and more doubtful. The physicians say that Mr Adams may not live more than an hour, or he may live two or three days.

His right side is wholly paralyzed, and the left not under control, there being continually involuntary motions of the muscles. Every thing which medical aid can do has been done for his relief. Briefly, just now, by close attention he seemed anxious to "thank the officers of the House." Then, again, he was heard to say, "composed," "this is the last of earth."—There was a struggle to speak and again a relapse.

Half past three.—Mr. Adams is no better.

Half past four.—Without change for the better. No one thinks he will recover, and the inquiry seems to be how long he may live.

In the Speaker's room just now, where I saw him, the physicians was opposite side and Mrs. Adams upon the other. Mrs. A. was quite overcome when she entered the room, and even relied her is late her opportunity, placed in the nearest and best friend of her husband.

Who Owneth America's Soil?

By Duganne.

Who owneth America's soil?
Is it he who graspeth the hard, red gold;
Whose blood-bought gains are by millions told?
Who bindeth his slaves to the wolf and the loom,
And chaineth their souls to a living tomb—
The tomb of hopeless toil?
Not he, not he, by Heaven!

Who shieldeth America's land?
Is it he who counteth his ships by scores—
Who plucketh his gains from a thousand shores—
Who buyeth and selleth, and worketh not,
And boasteth in pride what by fraud he got,—
And ruleth with iron hand?
Not he, not he, by Heaven!

Who guardeth America's right?
Is it he who eateth the orphan's bread,
And crusheth the poor with his grinding tread?
Who flingeth his bank-note lies abroad,
And buildeth to worship a golden god,
And an altar to mammon's might?
Not he, not he, by Heaven!

Who worketh America's good?
Is it he who maketh our country's name
A mocking sound and a by-word of shame?
Who selleth his foot on the neck of a man,
Who spurneth his brethren with cruel ban,
And marketh his power with blood?
Not he, not he, by Heaven!

Who maketh America great?
Is it he who prateth of patriot sires,
Yet lighteth his torch for the bigot's fires?
Who scorneth the children of foreign climes,
And counteth their birth-place and faith as crimes,
And mocketh their love with hate?
Not he, not he, by Heaven!

Not these, not these, by Heaven!
But to those who labor for God and Man,
Who work their part in the world's great plan—
Who plant good seed in the desert's dearth,
And bring forth treasures from brave old Earth,
To these must the soil be given—
To these, to these, by Heaven!

To these must the soil belong—
To the men of all climes whose souls are true,
Or Pagan, or Christian, or Turk or Jew;
To the men who will hallow our glorious soil,
The millions who hope, and the millions who toil,
For the Right against the Wrong—
To these, to these, by Heaven!

COMMUNICATION—A CURE FOR WORMS.

Frazersburg, Ohio, Aug 17, 1846.

Dr D. JAYNE—Dear Sir—Last Saturday morning, I found my youngest son quite out of his head—very fighty and deranged, and he continued so all day, till after night. On Sunday morning I commenced giving him your TONIC VERMIFUGE, and before 6 o'clock he discharged thirteen large worms, and, I believe, to speak within bounds, that he has passed more than five hundred small white worms, none not more than one-fourth of an inch long. On Monday morning his fever left him and he is now quite well. All your medicines, so far as I have heard, have given satisfaction.

Yours &c RICHARD GRIFFE, P M.

JAYNE'S SANATIVE PILLS, though not recommended as a universal "cure-all," have nevertheless proved superior to every thing of the kind, especially in LIVER COMPLAINT and DYSPEPSIA, and when used in conjunction with his Tonic Vermifuge, or Alterative will not fail one time in a hundred of effecting a permanent cure.

☞ ASTHMA CURED BY DR. JAYNE'S EXPECTORANT

Miss Mary Campbell, of New Haven, Fayette county, has been cured of Asthma of more than eighteen years continuance, by the use of *Dr Jayne's Expectorant*. She commenced taking the medicine last summer, and after using eleven bottles, was entirely rid of this distressing disease. We are assured of this cure by a lady of undoubted veracity, and requested to make it public for the benefit of others.—Mount Pleasant (Pa) Register.

The above medicines are prepared only by Dr D Jayne, Philadelphia, and sold on agency by G. W LADD and JOS. S. INGRAHAM, Bangor.

The Treaty.

We have, at length, a definite assurance that a Treaty has been concluded between the Mexican Government and Mr. Trist, on behalf of the United States. This Treaty—for it seems to be an actual treaty, signed, sealed and forwarded by Mr. Trist, as a fully empowered Commissioner—was sent to the Senate on Wednesday, after having been under consideration by the Cabinet for some days.

It is reported that the Government have been very much embarrassed by this operation of Mr. Trist, and that he has entirely transcended his powers, or rather has acted without any authority from his Government, but on his private responsibility; having been influenced and directed by Gen. Scott, with whom he has formed a most intimate and confidential friendship in Mexico, having entertained not the highest opinion of that officer previously. And yet it is said by the friends of the Administration, that the President is very desirous of peace, and will not take the responsibility of rejecting this informal treaty.

The National Intelligencer furnishes the following outline of the Treaty now before the Senate, which is believed to be correct so far as it goes.—

First. Peace between the United States and Mexico, and an Armistice between the Military Commanders of the two countries during such time as the Treaty shall be in suspense.

Secondly. Mexico agrees, in consideration, &c. that the boundary between the United States and Mexico shall hereafter be from the Sea up the middle of the Rio Grande to the boundary of New Mexico, and thence in a line which (with some digression) is to run west (or nearly west) to the Pacific Ocean, and strike a point south of the port of San Diego.

Thirdly. In consideration of this large cession of Territory, the United States are to pay to Mexico the sum of Fifteen Millions of Dollars, and to satisfy all the just claims of citizens of the United States against the Government of Mexico.

The treaty is understood to contain many provisions of detail, but does not, as we hear, include any provision as has been reported, for the maintenance of a military force by the United States for a certain time in Mexico.

The treaty makes its appearance in a questionable *form*; being concluded by Mr. Trist, as with full powers, after those powers had been withdrawn, or intended to be withdrawn, by the Executive. It is understood, however, that the treaty, such as it is, will be submitted by the President to the Senate for its consideration. What will be its fate in that body, we shall not undertake to predict.

We can at least rejoice at one thing—that for the present there is a cessation of hostilities in Mexico. May it be perpetual!

CONGRESS.

Washington, Feb. 23, 1848.

Both Houses met this morning at 9 o'clock, but in consequence of the continued illness of Mr Adams, they adjourned immediately.

Interest in the fate of this venerable man continues unabated. His wife is completely exhausted from the excitement and anguish of mind.

His family have returned home. Several members from Massachusetts and elsewhere are constantly in attendance. Mr Adams is sinking rapidly.

Mr. Trist's Treaty in the Senate—Interesting Debate.

New York, Wednesday, Feb 23.

A message was received from the President, communicating a treaty with Mexico.

Mr Allen submitted a resolution calling upon the President for information, whether active operations of the army in Mexico had been suspended by Armistice, and if so, by what authority, and instructing the Judiciary Committee to inquire whether act 99 required amendment more effectually to punish persons holding correspondence with the enemy in time of war.

A debate followed. Mr Allen reviving the injunction of secrecy on previous executive business, and submitting a resolution rescinding the Fourth, and requiring all business hereafter transacted to be done in open session.

On motion of Mr Sevier, the Senate went into Executive Session, and the Treaty was referred to the Committee on Foreign Relations. The treaty was ordered to be printed.

The doors of the Senate Chamber were then thrown open.

Mr Cass, from the Committee on Military Affairs, made a report upon the testimony taken respecting affairs, in California arising out of claims against the government incurred by Col Fremont. 20,000 copies of the report were ordered to be printed.

Mr Cass gave notice he should call up the Ten Regiment Bill to-morrow.

Mr Mason said that circumstances had occurred which seemed to render farther debate unnecessary, but he would yield the floor, if Senators on the other side would cease the discussion, and let the bill be put on its passage.

Mr Cass said that was the unanimous opinion on his side of the Chamber.

Mr Hale said that military operations would now be fatal to the treaty, and he united in the wish that the vote should be taken before adjournment.

Mr Berrien would submit to the majority, but hoped opportunity would be given them for further discussion.

Mr Mason said it was evident that gentlemen on the other side considered the passage of the bill unnecessary, but he wished to occupy the floor to-morrow to prove that the necessity of passing the bill was greater than ever.

Mr Allen suggested that Senators might avail themselves of interesting materials for debate on the bill by passing resolutions to abolish executive sessions.

Several Administration Senators declared the necessity of passing the bill greater than before the Treaty was made. Several Senators participated in the incidental debate which arose.

On motion the Senate Adjourned.

By Telegraph to the Portland Umpire.

Death of Mr. Adams.

New York, Thursday, Feb. 24, 4 o'clock, P. M.

The Philadelphia Ledger, of this morning says, the death of Mr Adams was announced by telegraph last night, immediately after which the wires broke. Nothing further is known in this city.

Great Flood in Ohio.

A great flood has occurred at Massillon, Ohio. A reservoir, ninety feet above the town, burst, and the contents were poured into the town, tearing down several brick ware-houses, a factory and the Tremont House. The canal embankment was much damaged and nearly all the stores in the town were overflowed.

We are indebted to the Boston Mercantile Journal, of this evening, for the above.

Narrow Escape of Santa Anna.

We have already mentioned the expedition from the city of Mexico, under command of Gen Lane, for the purpose of breaking up the haunts of the Guerillas, &c. The New Orleans Delta of the 16th contains the particulars of an attempt of this party under Gen. Lane, to surprise and take captive Santa Anna. It seems that the Mexican General was at Tehuacan, and our troops, after marching two nights, were within a few miles of his retreat before he was aware of their approach, and that he had only time to escape with a small escort. A part of his best wardrobe fell into the hands of our troops. One of his coats is said to be worth the trifling sum of $600.

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr. Ralph.

DEAR SIR—I have, myself, almost an offencive for your inestimable Pills. I have used them my six years, as occasion dictated; and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach. From habitual costiveness, and the vomiting of nauseous and slimy stools, I am completely relieved. The multifarious symptoms of Dyspepsia, with which I was once too well acquainted, have so entirely passed away, that I hardly know what they were. Any use you can make of this, or a more full development of my case, is at your service.

Except in an obstetric case your book (Family Physician) and Pills have been the only physician in my house for six years.

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic cases. Yours truly,

Horatio Waldo.

THE affairs of this Company are in the hands of business men favorably known to the community, who have permission to refer to the following gentlemen in Boston:

Hon. J. G. Rogers,	Sam'l A. Appleton, Esq.,

This Company offers the following advantages:

1st. When the premium is over fifty dollars annually, one-fourth may be paid in cash, and three-fourths in a secured note, at twelve months, with six per cent interest; or it may be paid half yearly, quarterly, or monthly.

2d. Parties taking *life policies*, and paying *fifty per cent.* of premiums in cash, and those taking policies for a *shorter period*, and paying *sixty per cent. in cash*, (if over fifty dollars per annum) may give their individual notes for the balance, if satisfactory to the officers.

Whole amount of premiums thereon, $444,314 62.

This Company has now been about 3½ yrs in operation and it is a gratifying circumstance, that its progress has fully tested the principles adopted for its management, and thus far more than realized the most sanguine expectations of its friends.

Its remarkable amount of business, which is without a parallel in the history of Life Insurance, shows that it is gaining in public confidence; and that there is an increased disposition in the community to avail of its beneficent operations.

Kirkbride's Tattersall's HEAVE POWDERS:

A SAFE, SPEEDY AND PERMANENT CURE for *Heaves, Broken Wind, Chronic Cough, Colds,* and all diseases which depend upon inflammation of the mucous membrane in the lungs, throat or head of the Horse, or affect the

Soundness of the Animal's Wind.

This remedy which has been used with such remarkable success in England, is now offered to Horse owners in the United States as a positive specific for these obstinate and distressing complaints. From the combination of powerful vegetable ingredients in its composition, it is enabled to combat successfully with disease in the hardy constitution of the Horse, and at the same time, is warranted to be perfectly safe and gentle; is eaten greedily by Horses and other cattle, and does not at all unfavorably the animal, or deter him from usual labor. The following is one from among many proofs we have of its efficacy. It is from one of the best Farriers in New York, and a gentleman whose knowledge in the medical treatment of Horses is very extensive:

New York, Nov 1, 1847.

Messrs A H Gough & Co:

Gentlemen—You will recollect that I bought a package of your Heave Powders some time since of a gentleman to a valuable horse at livery in my stable, and that I was quite dubious of the wisdom of attempting to cure such a bad case as it was, and did not, in fact believe there were any medicine better for his complaint than those I had been in the habit of using during my extensive practice with Horses. But justice to you and your *valuable remedy* requires me to say, that that *single package cured* the animal of an aggravated a case of Heaves as I ever saw, and his wind is now perfectly good. I believe it to be a permanent cure.

Respectfully, En F. OYD, 102 Laurence st

Messrs A H Gough & Co—Gents I bought, about six weeks ago, a package of your Heave Powders for a favorite horse, who had been troubled with heaves for more than two years. His case was a very bad one, and so severe as to cause him from half his usual labor, and had tried all the remedies ordinarily used for the disorder, they had no effect but to slightly diminish the violence of the heaving while taking the medicine, but that package of your remedy has completely eradicated the disease, and now his wind is as good as ever it was. It is a month since he has taken the Powders, and I can warrant him sound.

Respectfully, GEO. W. DAVIS, Monroe, Middlesex Co., N.J.

GREAT CONDITION MEDICINE.

Besides their specific action upon diseases of the lungs and windpipe, the Tattersall's Heave Powders, from their great alterative and restorative properties, are an efficacious to horses or are equally proven to be in the human race for the removal of impurities of the blood and predisposition to disease. Many a case of founder had been prevented and cured by a few doses of the Heave Powders, when thrown into the food that is given to the heated animal after a hard drive or exposure to inclement weather. They are warranted to recondition poor animals in a few days, and will, while, when a tight hide, staring coat, loss of appetite, etc, denote a derangement of the digestive functions, or existence of bots and worms in the alimentary canal, as described in the following certificate:

Messrs. A. H. Gough & Co—This package of your Heave Powders that I bought, of you for my horse's cough has entirely cured him, but in a different way than I expected. The first dose of Expectorant Powder that I administered brought away an immense number of worms from him, and I believe they were all the cause of the cough, rough coat, etc., which he exhibited, for that package has entirely cured him, his appetite is good, and he is now in prime condition. I can fully recommend your Heave Powders for worms as well as heaves. Yours, SAMPL. ROBERTS.

East Hampstead, L. I., Oct 26, 1847.

☞ CAUTION. As several imitations of this valuable and popular medicine are out being put up under the name of "Heave Cure," "Broken wind Compound," &c., persons are cautioned to beware of them and to try no remedy but *Kirkbride's* "*Tattersall's Heave Powders.*"

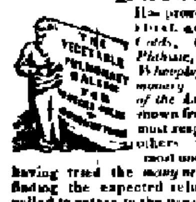

No Stable should be without this potent preservative. Price 50 per pack, good sufficient to cure an ordinary case, $1 to 5 dolls.

Sold by A. H. Gough & Co., 143 Fulton st., New York, R. W. Fowle, Boston, and by Druggists generally throughout the United States.

Highly Important to Farmers.

HAVING purchased the right to use HOMMER'S Method of making MANURE in the towns in the County, not previously disposed of, west of Penobscot, and south of Passadumkeag, I am ready to sell the same, by towns or individual rights, as may best suit purchasers!

When it is taken into consideration, that one ton of dry straw can, in the space of 17 days, be converted into from six to eight loads of rich nutritious manure fit for corn, &c.,—that green vegetables and turf, can be made into manure of equal value, in this day and that the high temperature produced by fermentation destroys all obnoxious seeds, this highly valuable method may be fairly considered as forming a new era in Agriculture! That the foregoing results have been frequently realized by Hommer's process, I am prepared to show by testimony from scientific and practical farmers in various sections of the country.

Single rights will be sold for the moderate price of four dollars, and the purchaser will be furnished (gratuitously) with a book describing the process of making the foregoing, together with many other kinds of compost manures, hitherto unknown in this part of the country. To those who purchase by towns, or to private companies, my terms will be as low as in any other section of the State

Persons at a distance, by forwarding four dollars (post paid) will be promptly furnished with a single right and book as aforesaid

DR. CUMMINGS'S

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients in this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more efficiently effective.

The Dock, or rather a species of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract used to be relied on, and, least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process, and that has been less than a year in preparation.

The Compound is recommended for Scrofula, Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases. Also for the numerous ailments arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposure to extremes of heat and cold, overtasking the physical powers, and other abuses of the constitution among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion.

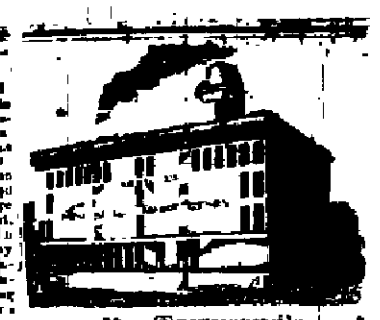

In diseases of warm climates, with which the proprietor became familiar in his practice in Hayana, some years since, this compound will prove particularly efficacious, both as a remedy and a preventive.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

Prepared only by Dr Stephen Cummings, and sold at wholesale and retail by Joshua Burgin & Co., No. 13 Middle street, and Edward Mason, No 1 Middle street—only agents for Portland.

Sold in Bangor by G. W. LADD and JOSEPH S. INGRAHAM.

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best Fall and Winter medicines ever known. It not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of disease, at least 20,000 of these were considered incurable.

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
400 cases of General Debility and Want of Energy.
700 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
3000 cases of Consumption;

and thousands of cases of diseases of the blood, viz:—Ulcers, erysipelas, saltrheum, pimples on the face, &c. &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the preventative of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN, THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

☞ Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and I find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage. Please send me two bottles to the care of Dr Seymour. I have conversed with two of our principal physicians and recommended your Sarsaparilla. SETH TERRY.

Hartford, March 17, 1845.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me severely; indeed, finally it became a cause for hacking cough, but not so severe as to prevent me from attending to my business. Within the last few years it increased on me gradually. At last I became reduced—I breathed with difficulty, and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla, had regular night sweats; indeed, my friends and myself supposed that I would die with the Consumption; but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored. It relieved me gradually, and I am now enjoying much better health than I have before in 20 years. I had almost entirely lost my appetite, which is also returned. You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old, has a very bad cough the whole of last Winter. We became very much alarmed on her account. While using the medicine I gave her some of it, and it soon entirely relieved her as well as myself, ... and her skin is smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine.

R. W. CONANT, 412 Bowery.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with a healthy offspring.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public. M. D. MOORE.

Albany, Aug 17, 1847 Cor. Grand and Lydius sts.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce a subsequent relaxation—which is the case of most medicine taken for female weakness and disease.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores, have taken some four bottles, it took them away, for which I feel myself under deep obligation. Yours respectfully,

ISAAC W. CRAIN, 106 Wooster st.

New York, March 1, 1847.

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union.

UNITED STATES OFFICER.

Capt. G. W. McLean, of the U. S. Marine Corps, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan 25, 1847.

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find that I improve every day. I believe that it saved my life, and would not be without it under any consideration. G. W. McLEAN.

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleanses the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. It excites the scalp to a new and vigorous action, eliminates it from scurf and dandruff, and its effect in the restoration and growth of the hair is unequalled by any other preparation of the kind. Second—

MY DEPILATORY POWDER.

This Powder has never failed to produce the desired effect. Its composition is infallible, and warranted to remove superfluous hair. Many ladies have used it, who were afflicted with hair on the sides of the face, arms, &c., giving a masculine turn to the features, and who realized its happy effects. Fifth—

This composition is the only one sanctioned by the science of chemistry, to dye, in an indelible manner, the various gradations of colors, without danger or inconvenience, and has justified the liberal patronage and unlimited confidence of the public.

☞ *Beware of Counterfeits!* Ask for "Jules Hauel's Vegetable Liquid Hair-Dye," if you want the genuine article. Sixth—

MY UNRIVALLED ROSE TOOTH PASTE.

Is universally sought after, for the pearly whiteness it gives to the Teeth, without the slightest injury.—Seventh—

MY CELEBRATED PERSIAN OR CHINESE POWDER.

Patronized by the Fashionable World of the United States and under the immediate patronage of the Ladies.

This powder is not qualified for the nursery, for restoring, beautifying and preserving the complexion, rendering the skin delicately white smooth and soft, preventing cutaneous eruptions, chapping, and obviates too copious perspiration. Travellers and residents in warm climates will highly appreciate this grateful appendage to the toilet.

NINE HUNDRED DOLLARS REWARD

Will be paid to the person who will prove that Jules Hauel's *Vegetable Liquid Hair-Dye* is not the best,—the very best yet known in this country or in Europe. This valuable discovery will enable a person to dye instantaneously the hair or whiskers, in a few minutes, without the least staining or injuring the skin; it softens the hair, and retains all its softness and brilliancy.

From a celebrated Chemist of the City of Philadelphia.

"Dear Sir—It is with a high degree of pleasure that I furnish you with my testimony in favor of your *Eau Lustral Hair Restorative*. I have been surprised by its wonderful and beneficial results, and have no hesitation in saying, but I believe it to be the most valuable and extraordinary discovery ever known for restoring and reproducing a fine and luxuriant head of hair. From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.

"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized those favorable anticipations;—they are, what they profess to be, scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the *Eau Lustral Hair-Restorative, Shaving Cream, Nymph Soap,* and, in fact, all the popular preparations of Mr. Hauel.

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in their way, invaluable.

CONSTANT GUILLOU."

From DANIEL J. DESMOND, Esq., Attorney at Law; Consul General of Pontifical States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

"To Mr. Jules Hauel.

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to offer my unsolicited testimony in favor of your different fashionable preparations. (On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skilfully prepared and compounded. I am convinced of the great worth of merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended. Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, being a fine and highly emollient composition—it does not smart or irritate the skin; while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.

"I have seen many of my friends who have used your Vegetable Liquid Hair-Dye; its effect is really a wonder. It dyes the Hair in an indelible manner in a few minutes, and the gloss to the Hair is really beautiful, and none will be but the natural colour, as it is so natural. Yours &c. DANIEL J. DESMOND.

Important to Parents.

WINER'S CANADIAN VERMIFUGE!

A CERTAIN REMEDY FOR WORMS.

THIS remedy is safe in its operation and more easily administered than any other.

THE GREATEST CAUSE OF DEATH among children is to be attributed to Worms. They give rise to numerous diseases, and are the more fatal because least suspected; were parents to give this subject more attention, and carefully observe the symptoms which indicate the existence of worms in children, *the lives of many children would be doubtless saved.* Some of the symptoms are as follows: the countenance is of a pale or leaden color, and suffused with occasional flushes, the eyes are heavy and dull, bad breath, itching in the nostrils the sleep is disturbed, the patient often awakening in great fright, and is liable to starting and grinding the teeth, the appetite is irregular, being sometimes voracious and at other times feeble, occasional vomiting, &c.

Winer's Canadian Vermifuge has acquired a reputation far exceeding that of any other medicine of the kind, and is daily increasing in popularity, wherever it is known and used, it is *universally approved*. It possesses properties which no other article of the kind does. It is *more prompt and efficient* in its action, and entirely free from ingredients which have any but a beneficial effect, the health of the patient being always improved even when no worms are discovered. Physicians prescribe it, and to use the language of one in high standing, who resides in Cleaveland, Ohio, consider it "the only article of the kind he ever saw that was so uniform and prompt in expelling worms" it may indeed be relied on with the utmost confidence, as it *has never been known to fail*, this is the reason why *all* who have used it will not use any other.

We have in our possession a number of certificates from physicians and others of the highest respectability, who all testify to its superior efficacy, and recommend it as a never failing remedy.

READ AND BE CONVINCED.

We, the undersigned, have frequently administered a medicine prepared by Mr John Winer of this town, designated "J. Winer's Canadian Vermifuge," and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of worms from the intestinal canal. G. O'REILEY,

Messrs J. Winer & Co.: Sirs—My child of five years of age, wasting more than two years severely afflicted with worms, during which time we gave her different medicines recommended in such cases, but they produced no beneficial effects. I at length procured a bottle of your Canadian Vermifuge, and gave it to her, which caused her to pass a large number of worms, since then she has been in the enjoyment of perfect health. From my own experience, I would recommend your Vermifuge as being the most safe and effectual remedy for worms now in use. Yours truly,

DISEASES OF THE Throat and Lungs.

COUGHS and Colds, the fruitful parents of Consumption, Bronchitis, Asthma, Pleurisy, and many other dangerous diseases, are too often neglected until the foundation of the Specific Complaint is laid deep in the System. A Physician is then called in, who administers a few Palliatives, but declares the disease incurable, and the Patient in confirmation of his opinion, dies. But why does he die? Simply because he does not resort to the proper remedy, but trusts his more yet dead of a Practitioner rather than the infallible evidence of experience and the most authentic testimony. On this basis is the only true one, the efficacy of

DR. VONDERSMITH'S

INDIAN COUGH BALM and Lung Balsam,

CONSUMPTION

AND AFFECTION OF THE LIVER, CURED, Of Twenty Year's Standing!

CITY OF NEW YORK, July 21st, 1847.

This is to Certify that I, Nelson Larrabee, of Jersey City, have been subject to a dry hacking cough and a pain in the side and chest, attended with night sweats and general weakness of the system for a period of twenty years, and pronounced INCURABLE CONSUMPTIVE; neither the advice of regular physicians nor the many advertised remedies I have taken, have been of any permanent benefit, and I was yielding hopelessly to the progress of my disease, when I was persuaded to try Dr. E. W. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM by the aid of which, all my symptoms have been removed, and I have been wonderfully restored to the blessings of health, and the prospect of a prolonged existence.

In gratitude for which, and in the hope of benefiting others, I solemnly testify to the facts in this certificate. NELSON LARRABEE, Jersey City

Sworn to before me, this 21st day of July, 1847 Wm. V. BRADY, Mayor of the city of New York.

INFLAMMATION OF THE LUNGS

New York, June 19, 1847.

DR. VONDERSMITH—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold which settled on my lungs. I was unable to attend to my business during the day. I had bad spells of that I thought I could not possibly survive unless I could get relief. The excessive night sweats had reduced my whole body to a skeleton, I expectorated white frothy mucous, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALSAM. I consented, when I had used it (four) one week, my cough decreased considerable, which gave me great hopes. I continued with the medicine according to directions, and the result has been the I am restored to health, a blessing that I have not enjoyed for years, until the present time. I sincerely believe had I not made use of Dr. V's invaluable Medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but justice, in stating the above facts, so that I may shew it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who may call upon me.

Sometimes I raised a half pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, was recommended by Dr. Miche of Philadelphia, to use a breathing tube, I purchased one, I only made use of it for one week, it was the cause of bringing on hemorrhage of the lungs, which reduced me so much that I was unable to set up, my voice was entirely destroyed, it was difficult for persons to understand me, I saw Dr. Vondersmith's Medicine recommended very strongly by a person whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen in the ... I took according to the directions, and it cured me perfectly sound. DR. UPHAM'S

Vegetable Internal Remedy FOR THE PILES!

A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidney and Bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY, invented by Dr A Upham, a distinguished Physician of New York city, is the only really successful remedy for that dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this: it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external; and probably the only thing that will. There is no mistake about it. It is a positive cure—*speedy and permanent*. It is also a convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, at $1 3 a per box. It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger—All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease temporary in their effects. This Medicine attacks the disease at its source, and, REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with sudden determination of blood to any particular part or organ. In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the Best Medicine ever discovered.

IMPURITIES OF THE BLOOD.

For all impurities of the Blood arising from the imprudent use of Mercury, or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head, &c.—The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery, and a sound constitution to the offspring.

CURE FOR LIFE GUARANTIED.

The Electuary contains NO MINERAL Medicine, no Aloes, Colocynth, Gamboge, or other powerful and irritating purgative. No fear of taking cold while under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine, may be had of Agents, gratis.

GREAT SUCCESS OF UPHAM'S PILE ELECTUARY.

Portland, Me., March 14, 1847.

Dr. Upham—My dear Sir—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My eyes also became affected, and in fact I was a misery to myself. I was obliged to give up my business. I had tried all kinds of medicine, had the best advice the Doctors in Boston and this place could afford—spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly; still I persevered, and purchased a second, and I assure you, when I got half through, I found myself getting well; still I kept on, and now I am a well man. My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health and now in a condition to support my large family, dependent on me.

You can use this letter as you please.

Yours respectfully, SAMUEL CHARLTON
